Non Blocking I/O lua-resty-memcached

```
1  location /memcached {
2    content_by_lua '
3    local memcached = require "resty.memcached"
4    local memc = memcached:new()
5    local ok, err = memc:connect("127.0.0.1", 11211)

6    local ok, err = memc:set("foo", "bar", 3600)
7    if ok then
8      ngx.say("STORED")
9    end

10   memc:set_keepalive()
11   ';
12 }
```

```
$ >> curl http://localhost/memcached
STORED
```
